## TECHNICAL DATA SHEET ergo® 5000

Mineral based filler for ergo® cyanoacrylic adhesives

### Description

ergo® 5000 is a pure, fine powder, based on glass and siliciumdioxide. In combination with ergo® cyanoacrylic glues, it may be used to fill and to close holes, gaps as well as gaps. It is also suitable to level out uneven surfaces. After complete curing it may be grinded or polished and even varnished.

ergo® 5000 is recommended in combination with ergo® 5950, 5200, 5925 or 5011

### Physical Properties

<b>Chemical Base:</b>	glass, SiO <sub>2</sub>
<b>Colour:</b>	colourless/ white
<b>Bulk-density:</b>	> 1,5 g/cm <sup>3</sup> 20°C
<b>Shelf life:</b>	at least 3 years at room temperature

### Usage

The product should be used one after the other as glue, filler, glue again, ..... (additional layers are possible). Please take care, that the glue penetrates really the inorganic filler. Do not use too much product in one step.

### Attention

Because of the exothermic reaction (causes temperature), too big amounts of glue may cause cyanoacrylic vapour, which might irritate mucous membranes. If this case, a good ventilated working place is recommended.

#### WARRANTY INFORMATION - PLEASE READ CAREFULLY

The information contained herein is offered in good faith and is believed to be accurate. However, because conditions and methods of use of our products are beyond our control, this information should not be used in substitution for customer's tests to ensure that KISLING products are safe, effective, and fully satisfactory for the intended end use. KISLING sole warranty is that the product will meet the KISLING sales specifications in effect at the time of shipment. Your exclusive remedy for breach of such warranty is limited to refund of purchase price or replacement of any product shown to be other than as warranted. KISLING specifically disclaims any other express or implied warranty of fitness for a particular purpose or merchantability. Unless KISLING provides you with a specific, duly signed endorsement of fitness for use, KISLING disclaims liability for any incidental or consequential damages. Suggestions of uses should not be taken as inducements to infringe any particular patent.
